RE: 19th June 2017 RR implementation of Karachi

Due to the impact of transport strike in Karachi since 08 May 2017, the terminals are facing high density and this congestion will have a negative impact on vessel productivity that might lead to longer vessel stay at KHI and delay in berthing.

Please kindly be informed that COSCO decides to implement RATE RESTORATION in full on top of existing ongoing market rates and will be subject to accessorial surcharges applicable at the time of shipment.

The RATE RESTORATION (RR) is applicable to all northbound shipments from Australia to Karachi (PICT&KICT) as follow:

QUANTUM

| | |
|--|--|
| Effective for all Bills Of Lading dated (date) | Rate Restoration |
| 19 th June,2017 | USD200/20GP, USD400/40GP&HQ |
